AUGUST T[illegible] A BANNER [illegible]TH

State Historical Society COLUMBIA

FOR INSTRUCTION AND [illegible] TAINMENT OF ALL KIND.

TWO WEEKS OF PLEASURE

First the Chautauqua with Its Distinctive Features—Then the Fair and Its Sights.

During the first two weeks of August two banner events are scheduled to take place in Maryville. They are the Redpath-Vawter Chautauqua, August 4-11, and the Nodaway County Fair, August 11-16.

Reflections from the great war just closed feature Chautauqua program this year. Major Ray C. Bridgman, commander of the 22nd Squadron, who holds the American record for actual hours for flying in battle, will tell in a dramatic way some of his many experiences "over there." Lieut. Milo H. Miller will fly in exhibition. Mary K. Nelson, an American nurse with four years actual experience, will lecture upon the part that woman played in the world conflict.

The musical program will include concerts by the Banda Roma under the direction of Luigi Guaglia, the Boston Opera Singers, a Saxaphone Quartette from Kryl's Band, the Dunbar White Hussars, and the Althea Players. This array of musical talent will insure a variety of the best kind of music.

The lecturers will include many men of national and international reputation who will talk upon the leading problems before the American people today. On the list are Dr. Charles Medbury who needs no further introduction, Governor Carlson of North Carolina in his address on "The Price of Progress," Frank Dixon who will lecture on the great social questions of the day, Roderick Durdonald of Scotland whose subject will be "Scotland and the Scot," Detective Harry J. Loose of the Chicago police force in a most interesting and informing address on "Crime and Criminals," Sir John Foster Fraser, a famous journalist of Great Britain who will describe what the statesman of the world did at the Versailles peace conference, and Ralph Emanuel in a lecture upon the Jewish people of old history.

The dramatic and special entertainment features will be a dramatization of Israel Zangwill's famous play "The Melting Pot" played by actors of exceptional merit. Wallace Amsbry, interpreter of high class literature and noted writer, will give an interesting and illustrated lecture. Ralph Bingham, the funniest man on the American platform, will entertain in his usual way.

After a week of instructive entertainment such as only can be given at a chautauqua will come another week of entertainment of a different nature, the Nodaway County Fair. There is no doubt that this years fair will surpass all others in magnitude and quality of attractions.

As usual the first day of the fair will be a free dayat which time the final entries will be made and the finishing touches for the week's shows will be put on.

In the mornings will be the various shows of stock and the judging and awarding of pirzes.

In the afternoons will come the many free attractions, the horse racing, and musical programs. At night there will be a repetition of most of the free attractions and the horse show.

The free attractions this year are by far the best that have ever been secured. They include daredevil airplane stunts by Lieut. Mills, the world's greatest flyer, in his noted death dips, vertical banks and drops. Margaret Hill's society circus with its quota of trained dogs, monkeys, ponies and the Hee Haw mule Maud and the two comedy riders in an attraction that never fails to please. The Flying Wards in their aerial stunts beyond compare, formerly connected with Ringling Bros. Circus, and this year performing almost altogether at state fairs only will be a feature of the week's bill of fun. Bassit and Bailey, featuring "Grom Bailey" the Herculean Venus, in equilibrium and dexterity feats is an attraction that will meet favor.

The Donald McGregor Shows with a tremendous novel, and unique assemblage of world's famous attractions and headed by "the Scottish giant" is a high class and unusual entertainment that will amuse the fair crowd every day. Besides the big entertainment features already named several special exhibits and sights have been secured. The Maryville Band will play each day of the week.

It is planned to make Saturday the biggest day of the fair. It will be Children's day and a program of a novel nature is promised. Special music will be given at the Saturday night show.

A BELGIAN POLICE DOG AT HOME IN MARYVILLE

Clun Price, Returned Overseas Soldier, Owner of Animal Purchased in Paris; "Frenchy" His Monicker.

Clun Price, well known Maryville boy who recently returned from active service overseas, has a dog—and thereon hangs a tale.

"Frenchy"—for that is the name of the pup that plays the stellar role in this narrative, is only four months old—but during those four months he has probably seen more of the world and traveled over more miles of territory than many a person who generally concedes himself to be a "traveler."

Following the armistice signing, Price was granted a furlough to Paris and while at that place purchased the pup from a French lieutenant. The dog is of full blooded Belgian police breed, and although he was born in Paris, his ancestors were part of the famous police dog kennels at Brussels before the war.

At the time of ehiGe r

At the time of the German invasion, the entire kennel was shipped to Paris and the particular intelligence and training of the dogs made them invaluable in Red Cross and trench work.

During the trip across, "Frenchy" had the honor of being the only dog on the ship, and because of his friendly nature and playfulness became at once the pet and mascot of the doughboys. The transport docked in South Africa for several days, and while there "Frenchy" was taken ashore and permitted to view the southern country.

When the transport landed at New York, Price was forced to leave the dog behind, while he came to Camp Funston for discharge. He wired to that city immediately after getting out of the army, however, and the dog was shipped to Maryville by express, arriving here last Saturday night.

At his new home on East First street, "Frenchy" has made a decided hit. He's only a dog, but think of the story he could tell if he could talk.

Senator Capper of Kansas to Conduct Investigations; Intends to Absolve Farmer from Blame.

Two movements are under way to secure information upon which legislative action may be taken to reduce the cost of living. Senator Gronna plans a representative hearing on the two bills designed for the control of the packing industries, which he believes will show interesting facts concerning the high cost of food in the District of Columbia. Senator Capper, of Kansas, indicated that he will strive to show by investigation some of the causes which are keeping the costs above normal. Capper, the champion of the farmer, has it as his intention to absolve the farmer from the blame of the high costs.

FAIL TO HEED COAL WARNING

MARYVILLE PEOPLE DISREGARD PLEAS TO "BUY NOW"

FORCING A COAL FAMINE

Local Dealers Give Reasons for Coming Shortage; Expect Prices $1 Higher; Supply Real Problem.

Unless Maryville people get busy and stock up for a coal shortage, there will be serious results here this coming winter. This is the general opinion of the coal dealers in this city and their statement is backed up by the government administration officials who are sending out warnings to "get while the getting is good."

According to the local coal men, the demand this summer has fallen away below that of last year, and people are refusing to heed the cries of the men who know.

F. G. Shoemaker gave a general summary of the situation today. "The lack of orders has caused a general laxity in the mines," he said "and throughout Illinois and Missouri many of the plants are running on only part time. The miners have made an agreement that will work as long as the war time conditions are in effect, but as soon as the peace treaty is ratified they intend to go out on strike for higher wages and better hours. At the same time the country will soon need all the surplus supply of railroad cars to move the gigantic crop which the United States is producing this year, and when this movement starts the coal supply will be tied up. Last year the people laid up supplies of coal, much of which deteriorated through slacking, and this is probably one of the chief reasons why they are refusing to load up this summer." In speaking of the situation from a local standpoint, Mr. Shoemaker said, "The storage facilities here in Maryville are limited, and the coal men of this city find it impossible to hold on hand a monstrous supply of coal. There will undoubtedly be a rush of orders this fall, and it is almost certain that they can not be filled."

William Everhardt stated that the demand has fallen far below this summer, and that even now difficulty is being experienced in getting the few orders filled." If it's this way now, what will it be later he asked.

At the Glover and Alexander concern the same opinion was expressed. "The people had better act at once" said Mr. Alexander.

According to the coal men the price of coal which has been showing a slow steady advance during the past few months, will go up like a balloon when the crisis comes.

At the present time the good grades of Illinois coal range from $7 to $7.50 here, while Missouri coal is bringing around $6.75 a ton. Pennsylvania hard coal almost an unknown quality, is selling from $15 to $15.50 a ton.

Although it is impossible to make a definite estimate, Maryville coal dealers expect the market to hit around $1 higher than the present figures next fall and winter. It is not a question of price, however, they say, but of supply, and continue in their warnings to the public.

HOME-CONCOCTED BREW HAD TERRIBLE WALLOP.

Carmi, Ill., July 16.—A local resident has a new drink of such potency that the police, while not sure that there was alcohol in it, knew it had a tremendous kick, anyway, so they arrested the inventor.

So far as has been learned the man put a pot to boil, making up four or five gallons at a time, enough for a day, if too much "company" did not call. The principal ingredients were corn meal, raisins and sugar and a certain kind of acid purchased at the drug stores. This boiled together, produced a concoction that would make Bacchus crazy. Those who know say one drink would make one talk Chinese fluently; after a second one could shave a grasshopper with a buzz saw, and with a third one could crack hickory nuts on the forehead.

Mr. and Mrs. Fred Robinson and daughter, Miss Virginia Robinson, went to Kansas City yesterday to visit Mrs. Robinson's brother and wife, Mr. and Mrs. Arthur Miller.

The Royal Neighbors will meet tomorrow afternoon at 2:30 o'clock in Modern Woodman Hall.

WILSON PLANS A SETTLEMENT

PRESIDENT INVITES LEADERS OF BOTH PARTIES TO WHITE HOUSE

SMOOTH AWAY FRICTION

Opposing Senators to Be Given Opportunity to Thrash Out Differences Before President.

Washington, July 16.—President Wilson today took steps to smooth away at least part of the friction between the legislative and executive branches of the government. He directed that invitations be sent to the democratic and republican leaders of both the senate and the house to meet at their convenience at the white house. The president will urge that this invitation be generally accepted. It is the object, white house officials say, to have all the senators and representatives get into touch with the president, explain their grievances, if they have any, and see whether personal contact will not help out many of the differences which actually have no apparent reason for existing.

All the republican leaders, including Senators Lodge and Knox, will be included in the invitation. Whether they will come or not will be up to them.

SUFFRAGISTS PLAN PROGRAM

Missouri Women Voters to "Stand Together" on Political Questions: Better Officials the Aim.

Now that the object for which the Equal Suffrage Leagues all over the country were instituted has been attained for Missouri, much curiosity has developed among those outside the organization as to whether these suffrage bodies will disband and leave their members free to unite with such of the existing political parties as each woman's inclination may direct.

Nothing seems farther than this from the minds of Missouri suffragists, according to Mrs. George Gellhorn, president of the Missouri Woman Suffrage Association, who yesterday declared in an interview that the suffragists had a definite program ready for the coming year that had been drawn up with the particular idea of holding the various organizations together so that they might act as an unit in questions that will have to be settled in the near future.

"Over and above our program," prefaced Mrs. Gellhorn, "should always stand the principles of justice and fair play, principles for which Missouri suffragists have been working for fity years.

"Now, when the tool has been put into our hands, and we can make these principles effective, it would seem the part of wisdom for suffragists not to align themselves with any particular political party, until they have made sure that both parties will include in their platforms those things that the women voters of the state particularly want."

In outlining the suffrage program, Mrs. Gellhorn laid most stress upon the educational work which the suffragists have undertaken through the system of citizenship schools already in operation in the different cities of the State to educate Missouri women in an effective use of the ballot.

She said the schools were being established as rapidly as instructors can be obtained, and called attention to their non-partisian character, saying that the platform of both the major parties were being discussed at the same sessions by men and women representatives of those parties.

Other objects included in the suffragists program are according to Mrs. Gellhorn:

1. To hold political meetings and invite opposing candidates to speak at the same meetings from the same platforms.

2. To make efforts to further the election, regardless of party, of such men and women as by their record, talent and standing in the community, give promise of a higher and more efficient type of public official.

3. To advise the leaders and, through them, the women voters, to oppose those men and women, regardless of party, who do not stand for legislation compatible with that proposed by the League of Women Voters.

4. To send speakers to women's clubs, women's organizations and women's meetings to disseminate information regarding voting and candidates.

HAD SUFFERED FOR TWENTY-NINE YEARS

Mrs. Clarkson Had Rheumatism So Bad She Often Cried All Night in Pain —Gains 30 Pounds.

"My gain of thirty pounds in weight during the past few weeks just speaks volumes for Tanlac," said Mrs. Catherine Clarkson, residing at 2440 College St., Kansas City, Mo., recently.

"There has been such a pronounced change in my condition," she continued "that my friends readily notice it and speak of it. Of course, I think my increase in weight is wonderful, and I am proud of it, but the benefit I appreciate most is my relief from suffering. I have been a victim of rheumatism for twenty-nine years, and only those afflicted the same way can know the agony I suffered. During damp weather and just before a rain sharp pains would shoot all through my body but it was in my knees I suffered most. My right knee, especially, has been so swollen, stiff and painful during the past two years that I could not bend it. I had to have a steel brace made to fit this knee so I could walk around. The ligaments and leaders were drawn until my knee was out of shape, and I have cried all night long many a night with pain. I have often thought my rheumatism was caused by constipation, as I have always been troubled more or less in this way, having to take something constantly. I also lost weight and my general health became very bad, and while I just tried everything nothing gave me any relief.

"One day I read a statement made by a lady living on Prospect Avenue, telling how Tanlac had relieved her of rheumatism, so I began taking the medicine myself. I am just now on my fifth bottle and considering the length of time I have suffered, the results have been remarkable. The rheumatic pains have disappeared almost entirely, and I do believe Tanlac is going to clear my system of it altobether. I have been told that my right knee would never be any beter, but I can bend it some already, and the pain is entirely gone. I have also been relieved of constipation, my appetite is fine, and I am feeling beter in every respect than I have in many years. So I don't feel that I could say enough in praise of Tanlac. It certainly is grand medicine."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

The Christian church of Bedison had its first Home Coming last Sunday and at the noon hour a basket dinner was served on Jim Galbraith lawn under the large shady maple trees, just north of the church. After the dinner the crowd of 304 people by actual count went across the street to the church where they enjoyed a splendid program which consisted of songs by a large choir of Mt. Ayr and Bedison church young people, Mrs. Fisher Mercer of Mt. Ayr being the organist. A solo was given by Miss Pearl Deneen of Mt. Ayr. She is a promising solo evangelist. Three numbers were given by the quartette of the Christian church of Maryville. This quartette were: Hal Catterson, fine Aberdeen-Angus cattle man of north of Maryville; Ed Goforth, the most popular agent on the whole Burlington system; Chapman, a fine young banker of Pickering who fills well the place in the quartette formerly held by H. J. Becker; and Rev. R. E. Snodgrass, the noted evangelist teacher and preacher and whose services are constantly in demand.

Rev. and Mrs. William Chapman of the Christian church at Pickering were present. Bro. Chapman who formerly lived here is one of the most beloved preachers of this age. He made our opening prayer and, also, made a splendid and helpful talk. During the course of his address he revealed the fact that he was homesick. We will assure him now that we will await his coming with open arms and a hearty welcome.

Rev. R. E. Snodgrass also made as usual a timely and practical address.

We fully believe that this our first Home Coming was so greatly enjoyed and appreciated by all present that every one will look forward for a Home Coming next year.

Some laid eyes on Bedison for the first time and as they were here such a short time, only one day they will have to come back next year in order to see the whole town. Bro. Chapman said when he lived here some thirty odd years ago, Bedison was then just a small place.

THOMAS S. YOUNG, Minister.

COMING

THE GREAT INDIAN DOCTOR

TO MARYVILLE
MONDAY, JULY 21

AT LINVILLE HOTEL

FREE OFFER

He will examine you and treat you free except for medicines used. He will only treat three patients free. Remember the date and day.

Married Women Must Bring Their Husbands.

He Treats the Following Diseases:

He will examine you free of charge. He treats diseases of the skin, heart, lungs, liver and kidney diseases, stomach, including rheumatism, paralysis, catarrah, epileptic fits, goiter, loss of nerve force, eczema, dropsy, bladder, gall stones, asthma, chronic constipation, diseases of the eye, ear, nose throat and piles without the knife, without pain, without detention from business.

To Whom It May Concern:

I have been a sufferer for several years with pains in my right side, sometimes on my left side, in my back, up between my shoulders, gas would form in my bowels, I would suffer with pains in back and top of my head. I would get dizzy spells, I suffered with chronic constipation; I would get these in spells, then I would have to send for the doctors and they would inject morphine into me, and they wanted to operate on me, but I would not let them; my friends and everybody did not expect me to live; the Great Indian Doctor came to Knox City, and I was at my mother's there, and my brother took me to the Indian Doctor, and he examined me, and he said that he could help me, and I took treatment from him and he cured me, and if I ever get that way again I would follow him to California to have him treat me again, and if you are a sufferer go and see him, and have him treat you; if he says he can help you.

Respectfully yours,
MISS EDNA ROBERTS,
LeBelle, Mo.

WOMEN IN BUSINESS.

Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.—Adv.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.

JUST 35 MILES EAST OF DENVER, COLO., IS THE BEAUTIFUL

Kiowa Valley

WHERE FARMERS MAKE MONEY

Farmers and investors should see this valley before investing another dollar in farm lands. We have ample rainfall, our principal crops are wheat, corn, beans and in fact, all the crops usually raised in Missouri, Iowa and in other states in the Missouri Valley. Fine homes, silos and big red barns dot this great valley from end to end. Farmers make more money in the Kiowa Valley than anywhere else we know of for the money invested, and they do this under the most favorable conditions. Beautiful sunshiny Colorado the health resort of America, right in view of the most wonderful snow capped Rockies, and only one and one-half hours by auto to them, near the great city of Denver the cleanest and most beautiful city, perhaps in the world. The great live stock markets teem with the choicest to be found anywhere. This city (almost 300,000) furnishes a faultless market for all farm products.

Mr. Farmer or Business Man, land is the greatest investment known. Within the next year you will see our lands go up 50 to 100 per cent. Thousands upon thousands are seeking lands in Colorado. You owe it to yourself to place money where it will earn you the most.

We sold Leonard Pool of Gentry county 300 acres of land in the fall of 1917 at $31.25 per acre and he sold out last year at $70. His brother-in-law, Mr. Wharton, bought at the same time and we doubt if he can be bought for $100. L. O. Millen, of Albany is very highly pleased with the land he bought there. W. H. Kendall and R. E. Gowdy of Tarkio just last spring bought near 1,500 acres and are now living on it. They recommend this great valley to their friends. We can refer you to hundreds of others who bought there and are more than pleased.

Seeing is to know. Come and go to this great fertile valley and be convinced. We are selling good farm lands at $25 to 35. We are the largest dealers in fine stock ranches in the west.

C. F. Wiatt field manager for Missouri is now at the Bainum hotel, Maryville and will be there until Friday evening and would like for you to call on or phone him. He will gladly give you all information regarding this great valley.

AUGUST T[illegible] A BANNER [illegible]TH

late Historical Soc COLUMBIA

FOR INSTRUCTION AND [illegible] TAINMENT OF ALL KIND.

TWO WEEKS OF PLEASURE

First the Chautauqua with Its Distinctive Features—Then the Fair and Its Sights.

During the first two weeks of August two banner events are scheduled to take place in Maryville. They are the Redpath-Vawter Chautauqua, August 4-11, and the Nodaway County Fair, August 11-16.

Reflections from the great war just closed feature Chautauqua program this year. Major Ray C. Bridgman, commander of the 22nd Squadron, who holds the American record for actual hours for flying in battle, will tell in a dramatic way some of his many experiences "over there." Lieut. Milo H. Miller will fly in exhibition. Mary E. Nelson, an American nurse with four years actual experience, will lecture upon the part that woman played in the world conflict.

The musical program will include concerts by the Banda Roma under the direction of Luigi Guaglia, the Boston Opera Singers, a Saxaphone Quartette from Kryl's Band, the Dunbar White Hussars, and the Althea Players. This array of musical talent will insure a variety of the best kind of music.

The lecturers will include many men of national and international reputation who will talk upon the leading problems before the American people today. On the list are Dr. Charles Medbury who needs no further introduction, Governor Carlson of North Carolina in his address on "The Price of Progress," Frank Dixon who will lecture on the great social questions of the day, Roderick Durdonald of Scotland whose subject will be "Scotland and the Scot," Detective Harry J. Loose of the Chicago police force in a most interesting and informing address on "Crime and Criminals," Sir John Foster Fraser, a famous journalist of Great Britain who will describe what the statesman of the world did at the Versailles peace conference, and Ralph Emanuel in a lecture upon the Jewish people of old history.

The dramatic and special entertainment features will be a dramatization of Izrael Zangwill's famous play "The Melting Pot" played by actors of exceptional merit. Wallace Amsbry, interpreter of high class literature and noted writer, will give an interesting and illustrated lecture. Ralph Bingham, the funniest man on the American platform, will entertain in his usual way.

After a week of instructive entertainment such as only can be given at a chautauqua will come another week of entertainment of a different nature, the Nodaway County Fair. There is no doubt that this years fair will surpass all others in magnitude and quality of attractions.

As usual the first day of the fair will be a free dayat which time the final entries will be made and the finishing touches for the week's shows will be put on.

In the mornings will be the various shows of stock and the judging and awarding of pirzes.

In the afternoons will come the many free attractions, the horse racing, and musical programs. At night there will be a repetition of most of the free attractions and the horse show.

The free attractions this year are by far the best that have ever been secured. They include daredevil airplane stunts by Lieut. Mills, the world's greatest flyer, in his noted death dips, vertical banks and drops. Margaret Hill's society circus with its quota of trained dogs, monkeys, ponies and the Hee Haw mule Maud and the two comedy riders in an attraction that never fails to please. The Flying Wards in their aerial stunts beyond compare, formerly connected with Ringling Bros. Circus, and this year performing almost altogether at state fairs only will be a feature of the week's bill of fun. Bassit and Bailey, featuring "Grom Bailey" the Herculean Venus, in equilibrium and dexterity feats is an attraction that will meet favor.

The Donald McGregor Shows with a tremendous novel, and unique assemblage of world's famous attractions and headed by "the Scottish giant" is a high class and unusual entertainment that will amuse the fair crowd every day. Besides the big entertainment features already named several special exhibits and sights have been secured. The Maryville Band will play each day of the week.

It is planned to make Saturday the biggest day of the fair. It will be Children's day and a program of a novel nature is promised. Special music will be given at the Saturday night show.

A BELGIAN POLICE DOG AT HOME IN MARYVILLE

Clun Price, Returned Overseas Soldier, Owner of Animal Purchased in Paris; "Frenchy" His Monicker.

Clun Price, well known Maryville boy who recently returned from active service overseas, has a dog—and thereon hangs a tale.

"Frenchy"—for that is the name of the pup that plays the stellar role in this narrative, is only four months old—but during those four months he has probably seen more of the world and traveled over more miles of territory than many a person who generally concedes himself to be a "traveler."

Following the armistice signing, Price was granted a furlough to Paris and while at that place purchased the pup from a French lieutenant. The dog is of full blooded Belgian police breed, and although he was born in Paris, his ancestors were part of the famous police dog kennels at Brussels before the war.

At the time of ehtGe r

At the time of the German invasion, the entire kennel was shipped to Paris and the particular intelligence and training of the dogs made them invaluable in Red Cross and trench work.

During the trip across, "Frenchy" had the honor of being the only dog on the ship, and because of his friendly nature and playfulness became at once the pet and mascot of the doughboys. The transport docked in South Africa for several days, and while there "Frenchy" was taken ashore and permitted to view the southern country.

When the transport landed at New York, Price was forced to leave the dog behind, while he came to Camp Funston for discharge. He wired to that city immediately after getting out of the army, however, and the dog was shipped to Maryville by express, arriving here last Saturday night.

At his new home on East First street, "Frenchy" has made a decided hit. He's only a dog, but think of the story he could tell if he could talk.

PROBE PACKING INDUSTRY

Senator Capper of Kansas to Conduct Investigations; Intends to Absolve Farmer from Blame.

Two movements are under way to secure information upon which legislative action may be taken to reduce the cost of living. Senator Gronna plans a representative hearing on the two bills designed for the control of the packing industries, which he believes will show interesting facts concerning the high cost of food in the District of Columbia. Senator Capper, of Kansas, indicated that he will strive to show by investigation some of the causes which are keeping the costs above normal. Capper, the champion of the farmer, has it as his intention to absolve the farmer from the blame of the high costs.

FAIL TO HEED COAL WARNING

MARYVILLE PEOPLE DISREGARD PLEAS TO "BUY NOW"

FORCING A COAL FAMINE

Local Dealers Give Reasons for Coming Shortage; Expect Prices $1 Higher; Supply Real Problem.

Unless Maryville people get busy and stock up for a coal shortage, there will be serious results here this coming winter. This is the general opinion of the coal dealers in this city and their statement is backed up by the government administration officials who are sending out warnings to "get while the getting is good."

According to the local coal men, the demand this summer has fallen away below that of last year, and people are refusing to heed the cries of the men who know.

F. G. Shoemaker gave a general summary of the situation today. "The lack of orders has caused a general laxity in the mines," he said "and throughout Illinois and Missouri many of the plants are running on only part time. The miners have made an agreement that will work as long as the war time conditions are in effect, but as soon as the peace treaty is ratified they intend to go out on strike for higher wages and better hours. At the same time the country will soon need all the surplus supply of railroad cars to move the gigantic crop which the United States is producing this year, and when this movement starts the coal supply will be tied up. Last year the people laid up supplies of coal, much of which deteriorated through slacking, and this is probably one of the chief reasons why they are refusing to load up this summer." In speaking of the situation from a local standpoint, Mr. Shoemaker said, "The storage facilities here in Maryville are limited, and the coal men of this city find it impossible to hold on hand a monstrous supply of coal. There will undoubtedly be a rush of orders this fall, and it is almost certain that they can not be filled."

William Everhardt stated that the demand has fallen far below this summer, and that even now difficulty is being experienced in getting the few orders filled." If it's this way now, what will it be later he asked.

At the Glover and Alexander concern the same opinion was expressed. "The people had better act at once" said Mr. Alexander.

According to the coal men the price of coal which has been showing a slow steady advance during the past few months, will go up like a balloon when the crisis comes.

At the present time the good grades of Illinois coal range from $7 to $7.50 here, while Missouri coal is bringing around $6.75 a ton. Pennsylvania hard coal almost an unknown quality, is selling from $15 to $15.50 a ton.

Although it is impossible to make a definite estimate, Maryville coal dealers expect the market to hit around $1 higher than the present figures next fall and winter. It is not a question of price, however, they say, but of supply, and continue in their warnings to the public.

HOME-CONCOCTED BREW HAD TERRIBLE WALLOP.

Carmi, Ill., July 16.—A local resident has a new drink of such potency that the police, while not sure that there was alcohol in it, knew it had a tremendous kick, anyway, so they arrested the inventor.

So far as has been learned the man put a pot to boil, making up four or five gallons at a time, enough for a day, if too much "company" did not call. The principal ingredients were corn meal, raisins and sugar and a certain kind of acid purchased at the drug stores. This boiled together, produced a concoction that would make Bacchus crazy. Those who know say one drink would make one talk Chinese fluently; after a second one could shave a grasshopper with a buzz saw, and with a third one could crack hickory nuts on the forehead.

Mr. and Mrs. Fred Robinson and daughter, Miss Virginia Robinson, went to Kansas City yesterday to visit Mrs. Robinson's brother and wife, Mr. and Mrs. Arthur Miller.

The Royal Neighbors will meet tomorrow afternoon at 2:30 o'clock in Modern Woodman Hall.

WILSON PLANS A SETTLEMENT

PRESIDENT INVITES LEADERS OF BOTH PARTIES TO WHITE HOUSE

SMOOTH AWAY FRICTION

Opposing Senators to Be Given Opportunity to Thrash Out Differences Before President.

Washington, July 16.—President Wilson today took steps to smooth away at least part of the friction between the legislative and executive branches of the government. He directed that invitations be sent to the democratic and republican leaders of both the senate and the house to meet at their convenience at the white house. The president will urge that this invitation be generally accepted. It is the object, white house officials say, to have all the senators and representatives get into touch with the president, explain their grievances, if they have any, and see whether personal contact will not help out many of the differences which actually have no apparent reason for existing.

All the republican leaders, including Senators Lodge and Knox, will be included in the invitation. Whether they will come or not will be up to them.

SUFFRAGISTS PLAN PROGRAM

Missouri Women Voters to "Stand Together" on Political Questions: Better Officials the Aim.

Now that the object for which the Equal Suffrage Leagues all over the country were instituted has been attained for Missouri, much curiosity has developed among those outside the organization as to whether these suffrage bodies will disband and leave their members free to unite with such of the existing political parties as each woman's inclination may direct.

Nothing seems farther than this from the minds of Missouri suffragists, according to Mrs. George Gellhorn, president of the Missouri Woman Suffrage Association, who yesterday declared in an interview that the suffragists had a definite program ready for the coming year that had been drawn up with the particular idea of holding the various organizations together so that they might act as an unit in questions that will have to be settled in the near future.

"Over and above our program," prefaced Mrs. Gellhorn, "should always stand the principles of justice and fair play, principles for which Missouri suffragists have been working for fity years.

"Now, when the tool has been put into our hands, and we can make these principles effective, it would seem the part of wisdom for suffragists not to align themselves with any particular political party, until they have made sure that both parties will include in their platforms those things that the women voters of the state particularly want."

In outlining the suffrage program, Mrs. Gellhorn laid most stress upon the educational work which the suffragists have undertaken through the system of citizenship schools already in operation in the different cities of the State to educate Missouri women in an effective use of the ballot.

She said the schools were being established as rapidly as instructors can be obtained, and called attention to their non-partisian character, saying that the platform of both the major parties were being discussed at the same sessions by men and women representatives of those parties.

Other objects included in the suffragists program are according to Mrs. Gellhorn:

1. To hold political meetings and invite opposing candidates to speak at the same meetings from the same platforms.

2. To make efforts to further the election, regardless of party, of such men and women as by their record, talent and standing in the community, give promise of a higher and more efficient type of public official.

3. To advise the leaders and, through them, the women voters, to oppose those men and women, regardless of party, who do not stand for legislation compatible with that proposed by the League of Women Voters.

4. To send speakers to women's clubs, women's organizations and women's meetings to disseminate information regarding voting and candidates.

HAD SUFFERED FOR TWENTY-NINE YEARS

Mrs. Clarkson Had Rheumatism So Bad She Often Cried All Night in Pain —Gains 30 Pounds.

"My gain of thirty pounds in weight during the past few weeks just speaks volumes for Tanlac," said Mrs. Catherine Clarkson, residing at 2440 College St., Kansas City, Mo., recently.

"There has been such a pronounced change in my condition," she continued "that my friends readily notice it and speak of it. Of course, I think my increase in weight is wonderful, and I am proud of it, but the benefit I appreciate most is my relief from suffering. I have been a victim of rheumatism for twenty-nine years, and only those afflicted the same way can know the agony I suffered. During damp weather and just before a rain sharp pains would shoot all through my body but it was in my knees I suffered most. My right knee, especially, has been so swollen, stiff and painful during the past two years that I could not bend it. I had to have a steel brace made to fit this knee so I could walk around. The ligaments and leaders were drawn until my knee was out of shape, and I have cried all night long many a night with pain. I have often thought my rheumatism was caused by constipation, as I have always been troubled more or less in this way, having to take something constantly. I also lost weight and my general health became very bad, and while I just tried everything nothing gave me any relief.

"One day I read a statement made by a lady living on Prospect Avenue, telling how Tanlac had relieved her of rheumatism, so I began taking the medicine myself. I am just now on my fifth bottle and considering the length of time I have suffered, the results have been remarkable. The rheumatic pains have disappeared almost entirely, and I do believe Tanlac is going to clear my system of it altobether. I have been told that my right knee would never be any beter, but I can bend it some already, and the pain is entirely gone. I have also been relieved of constipation, my appetite is fine, and I am feeling beter in every respect than I have in many years. So I don't feel that I could say enough in praise of Tanlac. It certainly is grand medicine."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

HOME COMING AT BEDISON

Christian Church Had a Big Picnic Sunday.

The Christian church of Bedison had its first Home Coming last Sunday and at the noon hour a basket dinner was served on Jim Galbraith lawn under the large shady maple trees, just north of the church. After the dinner the crowd of 304 people by actual count went across the street to the church where they enjoyed a splendid program which consisted of songs by a large choir of Mt. Ayr and Bedison church young people, Mrs. Fisher Mercer of Mt. Ayr being the organist. A solo was given by Miss Pearl Deneen of Mt. Ayr. She is a promising solo evangelist. Three numbers were given by the quartette of the Christian church of Maryville. This quartette were: Hal Catterson, fine Aberdeen-Angus cattle man of north of Maryville; Ed Goforth, the most popular agent on the whole Burlington system; Chapman, a fine young banker of Pickering who fills well the place in the quartette formerly held by H. J. Becker; and Rev. R. E. Snodgrass, the noted evangelist teacher and preacher and whose services are constantly in demand.

Rev. and Mrs. William Chapman of the Christian church at Pickering were present. Bro. Chapman who formerly lived here is one of the most beloved preachers of this age. He made our opening prayer and, also, made a splendid and helpful talk. During the course of his address he revealed the fact that he was homesick. We will assure him now that we will await his coming with open arms and a hearty welcome.

Rev. R. E. Snodgrass also made as usual a timely and practical address.

We fully believe that this our first Home Coming was so greatly enjoyed and appreciated by all present that every one will look forward for a Home Coming next year.

Some laid eyes on Bedison for the first time and as they were here such a short time, only one day they will have to come back next year in order to see the whole town. Bro. Chapman said when he lived here some thirty odd years ago, Bedison was then just a small place.

THOMAS S. YOUNG, Minister.

COMING

THE GREAT INDIAN DOCTOR

TO MARYVILLE
MONDAY, JULY 21

AT LINVILLE HOTEL

FREE OFFER

He will examine you and treat you free except for medicines used. He will only treat three patients free. Remember the date and day.

Married Women Must Bring Their Husbands.

He Treats the Following Diseases:

He will examine you free of charge. He treats diseases of the skin, heart, lungs, liver and kidney diseases, stomach, including rheumatism, paralysis, catarrah, epileptic fits, goiter, loss of nerve force, eczema, dropsy, bladder, gall stones, asthma, chronic constipation, diseases of the eye, ear, nose throat and piles without the knife, without pain, without detention from business.

To Whom It May Concern:

I have been a sufferer for several years with pains in my right side, sometimes on my left side, in my back, up between my shoulders, gas would form in my bowels, I would suffer with pains in back and top of my head. I would get dizzy spells, I suffered with chronic constipation; I would get these in spells, then I would have to send for the doctors and they would inject morphine into me, and they wanted to operate on me, but I would not let them; my friends and everybody did not expect me to live; the Great Indian Doctor came to Knox City, and I was at my mother's there, and my brother took me to the Indian Doctor, and he examined me, and he said that he could help me, and I took treatment from him and he cured me, and if I ever get that way again I would follow him to California to have him treat me again, and if you are a sufferer go and see him, and have him treat you; if he says he can help you.

Respectfully yours,
MISS EDNA ROBERTS,
LeBelle, Mo.

WOMEN IN BUSINESS.

Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.—Adv.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.

JUST 35 MILES EAST OF DENVER, COLO., IS THE BEAUTIFUL

Kiowa Valley

WHERE FARMERS MAKE MONEY

Farmers and investors should see this valley before investing another dollar in farm lands. We have ample rainfall, our principal crops are wheat, corn, beans and in fact, all the crops usually raised in Missouri, Iowa and in other states in the Missouri Valley. Fine homes, silos and big red barns dot this great valley from end to end. Farmers make more money in the Kiowa Valley than anywhere else we know of for the money invested, and they do this under the most favorable conditions. Beautiful sunshiny Colorado the health resort of America, right in view of the most wonderful snow capped Rockies, and only one and one-half hours by auto to them, near the great city of Denver the cleanest and most beautiful city, perhaps in the world. The great live stock markets teem with the choicest to be found anywhere. This city (almost 300,000) furnishes a faultless market for all farm products.

Mr. Farmer or Business Man, land is the greatest investment known. Within the next year you will see our lands go up 50 to 100 per cent. Thousands upon thousands are seeking lands in Colorado. You owe it to yourself to place money where it will earn you the most.

We sold Leonard Pool of Gentry county 300 acres of land in the fall of 1917 at $31.25 per acre and he sold out last year at $70. His brother-in-law, Mr. Wharton, bought at the same time and we doubt if he can be bought for $100. L. O. Millen, of Albany is very highly pleased with the land he bought there. W. H. Kendall and R. E. Gowdy of Tarkio just last spring bought near 1,500 acres and are now living on it. They recommend this great valley to their friends. We can refer you to hundreds of others who bought there and are more than pleased.

Seeing is to know. Come and go to this great fertile valley and be convinced. We are selling good farm lands at $25 to 35. We are the largest dealers in fine stock ranches in the west.

C. F. Wiatt field manager for Missouri is now at the Bainum hotel, Maryville and will be there until Friday evening and would like for you to call on or phone him. He will gladly give you all information regarding this great valley.
